

# ScoutSuite

<https://github.com/nccgroup/ScoutSuite> will generate an HTML report outlining various issues that exist in the configuration for a given account.

## Install:

```
git clone git@github.com:nccgroup/ScoutSuite.git
cd ScoutSuite
pipenv --python 3
pipenv shell
pip install -r requirements.txt
```

## Run:

```
python scout.py azure --cli
```
